

Ready To Use Sugar Soap

Product Information Sheet

Description

Sugar Soap Cleans and prepares all surfaces prior to repainting. It cleans and removes dirt and grease. It is also excellent as a general household cleaner. Supplied in a handy ready to use spray bottle.

Directions

Spray Sugar Soap liberally onto surfaces to be cleaned. Use a cloth or sponge working from top to bottom to avoid run lines. Rinse with clean water and allow to dry.

To clean bath or washbasin, pour a little sugar soap solution onto a damp cloth and wipe. Rinse with clean cold water.

Precautions

Any spillage should be mopped up immediately as spotting may occur. Cover polished surfaces, lino, carpets and soft furnishings to avoid splashing. Wear rubber gloves to protect sensitive skin. Not to be taken internally. Keep out of reach of children.

Health and Safety

See MSDS for full information
