

Paint Brush Cleaner

Product Information Sheet

Description

Paint Brush Cleaner is a water-soluble solvent for the easy cleaning of brushes and rollers after use with Oil Paints. Brushes and rollers may be washed in warm soapy water after use.

Directions

Cleaning Paint Brushes and Rollers

Dip the brush or roller into Brush Cleaner working well in, then rinse thoroughly with tap water and dry with a clean cloth.

Household Cleaning

Apply with a damp cloth, first testing surfaces and material for colourfastness

Precautions

Do not smoke whilst using this product. Not suitable for cellulose paints. Do not use on ordinary plastic or bituminous materials

Health and Safety

See MSDS for full information.

Flammable. Harmful; may cause lung damage if swallowed. Vapours may cause drowsiness and dizziness. Toxic to aquatic organisms, may cause long term adverse effects in the aquatic environment. Repeated exposure may cause skin dryness and cracking.

Technical Data

Physical State:	Liquid
Form/colour:	Clear Pantone Blue 286C
Odour:	Distinctive petroleum type
Boiling Point (Deg C)	145 – 180 Deg C
Flashpoint (PMCC)	38 Deg C
Auto ignition Temperature:	250 Deg C
Explosive Limits (In Air):	0.6 – 8.0 Vol. %
Specific Gravity @ 25 °C (SG Cup)	0.783 ! 0.05
Viscosity @ 25 °C (B4 Flow Cup)	9 seconds
Solubility In Water	forms an emulsion

Packing Specification

Product / Pack Size	Quantity Per Carton	Cartons / Drums Per Pallet.
500 ml PET Bottle	12	80
2 Litre PET Bottle	8	44

Customs Tariff Code

2710 1125

Shipping Classification

Correct Shipping Name: Paint Related Material (White Spirit)
Classification: Class 3
UN Number: UN 1263
Packing Group: III
Flash Point: 38 Degrees Celsius

Additional Information: Marine Pollutant
